

## SIVA K

**OBJECTIVE** Motivated individual with comprehensive knowledge of programming languages and development tools, seeking a position in a growth-oriented company. I aim to leverage my skills to contribute to the company's success while continuing to develop my expertise.

**SKILL & ABILITY** Seeking a challenging and rewarding position where I can leverage my project management, analytical, and leadership skills to contribute to organizational objectives while continuing to grow and develop professionally.

**EXPERIENCE** **APP INNOVATION TECHNOLOGIES - (PYTHON DJANGO DEVELOPER)**

**18 APR 2023 - Till date**

**PROJECT TITLE - CALLPROOF (SALES CRM)**

**Description:**

CallProof is a comprehensive Customer Relationship Management (CRM) solution designed to streamline data entry and reporting tasks, freeing up valuable time for sales professionals. With its user-friendly web-based platform and mobile compatibility, CallProof simplifies every aspect of the sales process, from lead tracking to detailed reporting.

**Technologies Used:** Python-Django, PostgreSQL.

**Note:** Solely contributed to the development of the web-based application aspect of CallProof (Sales CRM).

**ROLES AND RESPONSIBILITIES**

- Executed the realization of UI designs in accordance with the provided FIGMA, ensuring seamless visual implementation.
- Managed backend services, overseeing their effective integration and functionality.
- Proficiently navigated and leveraged third-party libraries to enhance and optimize system capabilities.
- Implemented comprehensive error handling mechanisms to ensure robust system performance and user experience.
- Demonstrated in-depth familiarity with Jira board and Bitbucket, showcasing versatility in project management and version control for effective collaboration and deployment.
- Integrated third-party web APIs in OmegaEDI, ChargeOver API, and Twilio Phone calls, involving development and reporting to the CallProof web platform.
